

March 6, 2019
Personnel Committee Meeting

The Personnel Committee met March 6, 2019 at 5:30PM at City Hall. Present were Mayor Greg Staner, Council members Kelchen and Rausch, City Superintendent Phil Gehl and City Administrator McCusker.

The main purpose of the meeting was to again discuss the seasonal position. The City Superintendent and the City Administrator, along with the personnel committee, discussed the position and feels that with the City purchasing the new tractor and larger mower it will greatly reduce the amount of time needed for mowing. Since the City is having the expense of the tractor and mower, public works can do the mowing and trimming again this year and see how much time is actually saved. This will be reviewed at the end of the season and then hiring a seasonal employee may be revisited. This will be the recommendation to the City Council.

Committee meeting ended at 5:55PM.

Deanna McCusker, City Administrator

Greg Staner, Mayor
